CHINESE WAR TRUCE OF 15 DAYS BEGINS FRIDAY AT 12 NOON

CEASE-FIRE ORDER IS ISSUED BY CHIANG TO ALLOW PEACE MEETING

By JOHN RODERICK

NANKING, June 6.—(AP)—Chiang Kai-Shek today issued a cease-fire order calling a 15-day halt in the long, bloody conflict in Manchuria.

The truce, effective tomorrow, is expected to clear the way to permanent settlement of differences between the Chinese government and communists.

Starts At Noon.

"I am issuing orders to my armies to hold all advances, attacks and pursuits for a period of 15 days from noon Friday, June 7," the Generalissimo announced in a message delivered to newspapermen through Minister of Information Peng Hsueh-Pei.

Doing this gives the Communist party an opportunity to demonstrate its good faith and intention of carrying out the agreement previously signed. In taking this action, the government in no way prejudices its right under the Sino-Soviet treaty to recover Manchurian sovereignty.

The previous agreement was a Janus-faced political-military truce, since violated by both sides.

Three Disputes Remain.

Chiang stipulated that the following three matters must be settled within the 15-day period:

1—Detailed arrangements governing the complete termination of hostilities in Manchuria.

2—Detailed arrangements and time schedules for the complete restoration of communications in China.

3—A definite basis for carrying out, without further delay, the Feb. 23 agreement for demobilization, reorganization and integration of China's armed forces.

Trainman Killed, 50 Slightly Hurt As Trains Crash

LA GRANDE, Ore., June 6.—(AP)—An eastbound Union Pacific passenger train failed to take a scheduled siding at Hot Lake, 14 miles west of here early today and crashed head-on into the streamliner "City of Portland," killing a brakeman, and injuring 50 persons slightly.

The streamliner, westbound from Chicago, was halted on the main line waiting for No. 18, The Idaquan, to take a siding. The standard train, however, apparently continued through the switch, with emergency brakes applied, crashed into the streamliner.

Brakeman Ned Unger of Pendleton, Ore., was crushed to death. Only one person was injured sufficiently to be taken to a hospital. He was the Rev. J. Ward, Catholic priest from St. Louis, brought to St. Joseph's Hospital here.

TRUMAN SAID TO BE PLANNING RECALL OF VATICAN ENVOY

RICHMOND, Va., June 6.—(AP)—A Richmond minister said today that President Truman had assured a group of Protestant churchmen that Myron C. Taylor, the President's personal representative to the Vatican would be recalled.

FIRE INVESTIGATION BEGINS AS 54 OF 58 VICTIMS IDENTIFIED

ONE, POSSIBLY 3, TEXANS KILLED IN CHICAGO HOTEL FIRE

By The Associated Press.

Among the 58 victims of the LaSalle Hotel fire in Chicago may be counted at least one Texan, possibly three.

One was critically injured.

Duane M. Beatty, San Antonio, was among the positively identified dead.

As city, county and state officials proceeded with their separate inquiries into Chicago's worst hotel disaster in history, the hotel management ordered complete evacuation of the fire-swept ruins of the 22-story structure. More than 1,000 transient and permanent guests at the 1,000-room, 37-year old loop hotel were affected.

Michael Tyler, 12, whose address on the death list is Niles, Mich., is believed to be the son of Mr. and Mrs. Jerry Tyler of Waxahachie. Mrs. Tyler is reported missing. The father is in a critical condition.

In the wake of the tragic blaze city officials ordered the immediate closing of two legitimate loop theaters and five night clubs because of alleged failure to comply with fire and building code regulations.

Five nursing homes also were ordered closed but action was delayed pending arrangements for new quarters for the inmates.

Meanwhile, a "blue ribbon" inquiry jury of 11 engineers, safety, architectural and hotel management experts probed the conflagration, seeking to determine cause and reasons why the flames spread so rapidly from the lobby up the stairways.

The first three floors of the hotel were engulfed in flames a few minutes after the blaze was discovered, trapping scores. Fire damage was confined mostly to the lower six floors. Damage to the upper floors was caused chiefly by smoke and water.

Another Texan, Miss Anita Blair, 23, blind girl lecturer of El Paso, followed her Seeing Eye dog down 11 floors of an outside fire escape and escaped uninjured.

SENATE-HOUSE CLASH ON DRAFT LAW SEEN; TEEN-AGERS ISSUE

By WILLIAM F. ARBOGAST

WASHINGTON, June 6.—(AP)—House and senate braced today for a tug of war over resuming the teen age draft. But there were hints of a compromise making 19-year-olds eligible and exempting those of 18.

The senate pushed the question toward a showdown when it gave a thumping 66 to 8 majority yesterday to its bill for keeping the main provisions of the wartime draft act in force until May.

Law Express June 30.

The conferees, seven senators and seven representatives, must adjust all the differences and persuade congress to accept their recommendations between now and June 30, when the present law expires. Here is their problem:

Age of Inductions: The senate by a 53 to 26 count voted to continue inducing 18 and 19-year-olds; the house by a 195 to 96 tally ordered a halt to teen-age inductions. The top draft age in the house bill is 39; in the senate's, 44.

Pay Raises: The Senate wrote into its bill pay raises for enlisted grades only, ranging from 50 per cent for buck privates to smaller boosts for top sergeants and corresponding ranks in the other services. The house refused to put pay raises into the draft bill but voted in separate legislation for rates ranging from 50 per cent for buck privates to 10 per cent for five-star generals.

SPAIN—The Franco government

maintained that Spain would rather endure "sacrificing isolation" than submit to foreign interference in her internal affairs. The United Nations Security Council

headed for a showdown on the issue of a break in relations with Madrid.

Mikolajczyk, who formerly was premier of the Polish government in exile, spoke before the general council of his party, but the text has not been published here.

VOTE Said "Railroaded."

He declared that an attempt was underway to "railroad" the June 30 referendum, charging that Peasant party members were rejected by polling clerks in all but three of Poland's 17 provinces.

The referendum is to obtain voters' views of the government's policies of nationalization of industries, and other measures.

The vice premier charged that the government was using secret police to plant evidence purporting to show the Polish Peasant party was linked with terrorist bands.

"This is nothing but a political fight which tries to make our work impossible and perhaps wipe us off the face of the earth," Mikolajczyk said.

He declared that instructions have been issued that Polish citizens of German descent and even Germans by birth with counterfeiting Peasant party memberships "so that it will be possible to say after the referendum that our party is no only anti-democratic but pro-German."

NO LIVES OR CATTLE LOST, ENNIS WOMAN REPORTS OF FLOOD

LIVESTOCK MEN SAID WITHHOLDING CATTLE UNTIL RULES CLEAR

WASHINGTON, June 6.—(AP)—

The agriculture department reported today that many livestock producers appear to be withholding cattle from slaughter markets pending clarification of the outlook on price controls on meats.

A senate committee considering legislation to extend price control to cattle during the past week at the nation's 12 principal markets was the smallest in the year. They were down nearly a fourth from the previous week. At Kansas City, receipts were the smallest in many years.

The department said also that market interests believe producers are withholding livestock and will continue to do so as long as they feel there is a possibility of removal or modification of price controls."

The department said the average price of all beef steers sold at Chicago last week nearly touched the record level reached there last November.

ENGLAND'S SOCIALISTIC RULERS, CONSERVATIVE OPPONENTS BOTH FEAR REDS SOW SEEDS OF WAR

By DEWITT MACHENZIE

AP Foreign Affairs Analyst. Those two bitter political opponents—England's Socialists and the Conservatives, have found common ground in their fear that Russia is closing her eyes to that side of the laboratory.

It is, of course, impossible for a newsman stationed in Russia, with the limited amount of information he has on hand on this highly secret subject, to say anything with finality about the Soviets and the bomb. However, there is reason to believe—that Russia must be well behind the United States. There are those in responsible diplomatic and military positions who hold the same opinion.

But, it should be borne in mind that Foreign Minister Molotov, speaking in the Kremlin last Nov. 6, said that Russia soon would have atomic energy and many other things. One never should underestimate the Russians.

TOM TYSON OPENED CAMPAIGN SEEKING SEAT IN CONGRESS

FRANKLIN, June 5.—(Spl.)—A motion for a new trial for J. C. LaRue, Ennis brakeman recently arrested three years in a jury in district court here, was overruled Thursday by District Judge A. P. Mayes. Notice of appeal to the Court of Criminal Appeals was made. The defendant, in jail here since May 22, when he was found guilty of murder, will be formally sentenced within a few days and then bond will be arranged pending appeal. LaRue was found guilty of murder without malice in connection with the death of his father-in-law, W. J. Shockey, here March 17. The body of Shockey was found on an outdoor right-of-way with a knife wound in the chest. Introduction of the defendant's clothes and a search warrant on which officers entered the defendant's home was attacked in the motion. It was stated by attorneys who is not a candidate for reelection.

Preliminary addresses were made by Mac Bennett, Jr., district attorney, of Norman; C. C. Randle, county attorney of Ellis County, and W. C. Davis, Jr., of Bryan, who introduced Tyson. Frank A. Woods, Franklin attorney, who was Tyson's first law school president, was also present.

Political—Tyson's platform includes opposition to socialized medicine, and the classification of the FEPC as an unwarranted and unconstitutional invasion of right of private contract. He opposes the 1942 revenue act that levies estate taxes against all community property when the husband dies, promised to vote against all federal acts pertaining to racial classifications and favored a "revitalized, practicable agriculture with a stable rural society of land owners." Tyson wants a balanced federal budget, payment in full of the country's obligations to the "men and women who in three wars since 1939, upheld and perpetuated our freedom."

The congressional aspirant will seek the elimination of all governmental agencies that do not perform essential services and favors the inclusion of several forgotten groups into social security. He favors ample support of public health units and agencies.

EMHOUSE BAPTIST TO SPONSOR VACATION BIBLE SCHOOL THERE

FRED BECKER

The annual Vacation Bible School of the Emhouse Baptist Church will begin Monday, June 10, at 8:30 a.m. Registration for the school will be held at the church Saturday, June 8, at 9:00 a.m.

Directing the school this year will be Fred Becker, of Owensesboro, Kentucky. Becker is a student in the Schools of Music and Religious Education of Southwestern Baptist Theological Seminary, Ft. Worth.

A striking feature of this school will be the Music or Singing School conducted by Becker in connection with the Bible school. Two music classes will be conducted daily.

The first class, for junior and intermediate boys and girls, ages nine through sixteen, will be given at the close of the daily sessions of the Bible School.

The second of the daily classes will be held each evening at 8:00, Monday through Friday, and will be open to all young people and adults. The

adventures of singing and reading music will be taught in these classes.

The Vacation Bible School and the Singing School will be open to all who wish to attend, regardless of religious affiliation, and all are cordially invited.

Sunday services of the Emhouse Baptists will begin with the Sunday School at 10:00 a.m. At the mid-morning service the pastor, Rev. Dan N. Sharpey, will preach on "Why Jesus Came to Earth." Sunday evening activities will begin with the Training Union and Men's Brotherhood at 7:30, and evening worship at 8:15, followed by Youth Fellowship meeting.

The weekly prayer service of the church will be held Friday, June 7, at 8:00 p.m. The faculty of the Vacation Bible School will meet at the close of the prayer service.

Baptists and friends of the Emhouse community are invited to attend all services of the Emhouse Baptist Church, the "church with a cordial welcome."

PROPAGANDA WAR FINDS VOICE OF KINGDOM CLEAR*

Religion's Part in the Present World-Wide Battle of Ideals -- The Soldier Who Whistled Jap Captives Into Camp -- New Aggressiveness by Churches

By WILLIAM T. ELLIS and EARL L. DOUGLASS

Through most of the earth the shooting war is over. In its place has come the subtler, wider war of propaganda. Ideas are clashing with contrary ideas. Conservatism and socialism are in a dead grapple. At the moment and to varying degrees, Communism seems to be winning the struggle for the control of people's minds.

Opportunist, we are called upon to study the first organized propaganda of Jesus in His Kingdom crusade. That propaganda has continued unto this day, with ever-increasing success. Unless all signs fail, it is now at the beginning of a new surge of world-wide effort.

The New Christian Church is being aroused. New forms of organized, aggressive operation are under way.

In new Testament fashion, the Methodist Church is sending out its members, two by two, to win converts for the Kingdom. Denominations in the South are organized for a systematic radio campaign. The Lutherans and the Catholics and the Jews are already active in this field. Many local clubs and religious speakers are regularly on the air.

New Hinds, Proverbs

It is remembered that in the modern war of ideologies the Kingdom today has facilities--call them weapons, if you will--such as the Apostles never dreamed of. They were limited to personal contact. They could directly reach only those who could hear their voices. Their project seemed audacious in the light of their small numbers. Yet they changed the world. And the daily classes will be held each evening at 8:00, Monday through Friday, and will be open to all young people and adults. The

adventures of singing and reading music will be taught in these classes.

The Vacation Bible School and the Singing School will be open to all who wish to attend, regardless of religious affiliation, and all are cordially invited.

The Soldier Who Whistled

Amid this morning's batch was one nugget of pure gold, a leaflet from the Presbyterian Board of Foreign Missions, 156 Fifth Avenue, New York, reprinting a soldier's letter to his pastor, telling why he does not deserve his medal.

He had seen his buddies brutally killed by the Japanese on a death march. As his turn came near he bravely began to whistle a hymn tune. To his amazement, the Japanese officer joined in.

The upshot of it all was that the Japanese officer, volunteered to offer himself as his captive's prisoner. On the way back they picked up other Japanese Christian soldiers, whom this one boy led back to American headquarters.

He was awarded a medal for "capturing" his voluntary prisoners.

The tale is one of the most thrilling stories of the war. The testimony of a whistled hymn did what guns could not do.

Two by Two

Both detachments—the Twelve and the Seventy—sent out by Jesus on His first formal recruiting campaign were bidden to go two by two. The principle is a well recognized one. When an insurance agent deals with a good but difficult prospect, he usually calls in his chief to accompany him. Two together are more effective than two alone.

Certain Catholic orders require their novices to travel in pairs. Each is a support and supplement to the other. What one lacks, the other supplies.

Comradeship is good work, is written large on the surface of this lesson. Friends who labor together in a common cause are bound by a strong tie, that usually lasts throughout life.

We may easily imagine the good times the members of the Seventy had together, as they met casually in later years, and gave themselves to reminiscence of that first campaign for Christ.

A&M TO OFFER TEN SCHOLARSHIPS FOR OUTSTANDING BOYS

A. F. MITCHELL JOINS COLLEGE PRESIDENT IN ANNOUNCING NEW PLAN

COLLEGE STATION, June 6—(A&M)—Ten Texas boys who have very slim hopes of obtaining a college education because of financial limitations are going to be able to realize their ambition at Texas A. and M. College.

Ten Texas A. and M. College Opportunity Awards, four-year scholarships, beginning in September and running through 1950, were announced here today by President Gibb Gilchrist of the College, A. F. Mitchell, Corsicana, chairman of the board of the Texas A. and M. Development Fund, and Carroll Gaines, San Antonio, president of the Association of Former Students.

State-Wide Contest

The ten fortunate boys will be selected through a statewide competition, and each will receive between \$200 and \$300 per year, an amount which may be supplemented by student employment on the campus. Details of the selection are being handled by Registrar H. L. Heaton.

Under sponsorship of the A. and M. Development Fund, the Opportunity Awards are a joint project

of the College and its Association of Former Students, and it is hoped to increase the number of the awards each year.

"These first ten awards are merely the beginning," Mr. Mitchell declared. "Each year more than half of the Texas boys who finish high school are unable to attend college for financial reasons."

Answer to "Waste"

"In that group we believe there is as much potential leadership and ability to pursue a college education as there is in the group who are financially able to attend college."

"The Opportunity Awards program is our answer to this tragic waste of one of the finest and most valuable resources of Texas—the young manhood. We intend to make 'equality of opportunity' a shining reality, instead of a hollow phrase to the young men of Texas who conscientiously desire a college education, and who are equipped to make a success of the chance to study."

Ten awards each year are assured for the next five years. Our goal is one hundred such awards each year, backed by permanent endowment. Such a program, we believe, would be the most important contribution we could make to the future of Texas and the nation.

Participation in financing this program is not limited to men who once went to Texas A. and M. College. Selection of the fortunate boys who receive the awards will be from the entire state. We invite anyone interested in this project to join us in reaching our goal of one hundred four-year Opportunity Awards."

PEOPLE OF NORMANDY PAY TRIBUTE TO DAY OF INVASION IN '44

TREVRIES, France, June 6—(AP)—The people of Normandy paid tribute today to a memorable morning two years ago when Allied troops, in the greatest invasion in history, surged over their beaches to begin the long, bloody attack against Hitler's fortress Europe.

The commemoration was held for the most part without fanfare or revelry, but with a dignity befitting all those who fought and died to liberate other men from the yoke of oppression.

In St. Mere Eglise there was an all-day observance honoring the men of the 82nd airborne division which floated out of the sky two years ago to begin the invasion.

In Bayeux and Caen there was anniversary celebrations honoring the British and Canadian troops who fought there.

But in most of the little villages and along most of the dusty roads bordered by hedge-rows the people of Normandy regarded the day quietly.

"Where's Elmer?" Will Be Question For Pryor's Fans

BEGINNING Friday noon and continuing for approximately two weeks, activities at Corsicana postoffice will not be normal. Elmer Pryor is going to take a vacation.

There have been only two days in the nine years Elmer has been operating his news stand that he hasn't been at the familiar place with a ready smile and a cheerful greeting to his customers. This is the first vacation.

The "Elmer" is going to leave for Denver in a new car they recently purchased. Friday afternoon.

Accompanying them will be Mr. and Mrs. Eugene Stewart and their daughter, Doris. Stewart is an employee of the postoffice.

While Elmer is vacationing, his stand will be in charge of Paul Curington and Johnny Puckett.

FUNERAL SERVICES HELD IN WACO FOR JACK B. SCHWARTZ

JACK B. Schwartz, aged 52 years, widely-known Central Texas merchant, died Wednesday night at his home in Hubbard.

A native of San Antonio Schwartz had been in business at Hubbard the past 20 years.

Funeral services were held at Waco Thursday afternoon at 3:30 o'clock with interment in Waco.

The family resided in Corsicana and Dawson for many years.

Schwartz was a veteran of World War I.

Surviving are his wife and two sons, Bobbie and Jerry Schwartz, all of Hubbard; mother, Mrs. Joe Schwartz, two brothers, George and Charles Schwartz, and a sister, Miss Frances Schwartz, all of Waco.

Dysentery Decreases In West Texas Area

EDINBURG, June 5—(AP)—Figures from the Hidalgo county health office show a 25 per cent decrease in bacillary dysentery in the county this year as compared to 1945.

Physicians reported 144 cases last year from May 1 to June 2. This year only 108 cases have been reported for the same period.

CHOICE OF SENATOR AUSTIN FOR UN POST MAY AID RED VIEWS

By JACK BELL

WASHINGTON, June 6—(AP)—President Truman's choice of Senator Warren R. Austin as American representative on the United Nations Security Council prompted official hopes today of encouraging a new Soviet attitude in that body.

The Vermont Republican said only that the successor to Edward R. Stettinius, Jr., he considers himself the president's deputy to carry out our policies Mr. Truman has.

But senate colleagues noted that the 68-year-old New Englander will take into his new post a publicly-recorded understanding of what he has termed the "security-conscious" position of Russia.

Noting that he has not publicly criticized Russia, Austin referred a reporter's request for a statement of his attitude toward the Soviets to the June 1 announcement addressed to him delivered to the school of advanced international studies of the foreign service educational foundation.

Austin's theme was that if congress extended the draft act, voted for universal military training, approved unification of the armed forces and provided for control of atomic energy developments, Russian confidence in this country's ability to fulfill United Nations commitments would be restored and her search for individual security diminished.

Record Total Cash In All State Funds

AUSTIN, Tex., June 6—(AP)—Total cash in all state funds last month hit a new all-time high of \$106,892,885 an increase of \$6,160,885 over the previous high in April, State Treasurer Jesse James has reported.

The unallocated clearance fund showed a drop to \$9,467,139 on May 31 from the April 30 figure of \$10,365,635.

E. D. (Ditt) McCormick Announces For Legislature

5th District.

The next few years in Texas will see a great need for sincere and competent legislators. The war years are past, and the peace time legislature will be charged with grave responsibilities. Untold numbers of social and economic problems are arising; greedy and selfish interests are pitted to make demands strife of fact, and against whom ever so many problems of labor and management are awaiting. All these things should be considered and solutions wisely arrived at by men who have had experience in confronting real problems and making clear-cut decisions. Those who will serve in the forthcoming sessions in Austin will, in some instances, be in position to render more valuable services to the people of Navarro county than will those who serve in Washington. By the same token, those who are chosen as members of our next state legislature will, unless possessed of sound judgment and matured thinking, be able to inadvertently and perhaps wilfully commit legislative blunders which will prove costly to the taxpayers and detrimental to the progress of Texas and Navarro county. It is not difficult to realize that the job of being a legislator during the "Peace Time Emergency" will be much harder and will involve more straight thinking than did the job during "War Time Emergency."

I have recently received honorable discharge from the army. By virtue of an act of congress I was deferred from military service, but my thinking did not allow me to believe it right for me to stay out simply because I was a judge of a state court of record. Early in 1944 I waived my deferment, resigned my office and entered service as a private. My service record is certainly not outstanding; I was just a soldier doing hard and nerve-wracking work that had to be done.

In the next few weeks I will have opportunities to make known my views for farm-to-market roads, my views regarding labor and management, and my attitude on all other important issues which are vital to the people of Navarro county.

PLAN TO MODERNIZE CONGRESS STUDIED; PAY INCREASE URGED

WASHINGTON, June 6.—(P)— Senator LaFollette (Prog-Wisc) called members of congress the "forgotten men of social security" today in urging approval of pension for lawmakers. He asked it as part of a broad measure to modernize the nation's legislative machinery.

LaFollette told his colleagues on the senate floor that "the time has come to face the issue with courage" and accept a senate-house committee's recommendation which would permit congress members to contribute to the federal government's retirement fund and participate in its benefits.

A provision in the bill which would boost the congressional pay from \$10,000 to \$15,000 yearly also came up. LaFollette reminded the senators that "independent" survey had found that "it costs more to be a congress now than it pays."

Dr. John A. MacLean, pastor of the Clinton Park Presbyterian church of Richmond, who represented the Southern Presbyterian church as one of the committee of 11 calling on the President yesterday, issued the statement.

"In the minds of Protestants," Dr. MacLean said, "the chief objection to the appointment of Mr. Taylor is that it clearly violates the principle of separation of church and state which is so large and important part of the foundation of our government."

CORPORATION COURT NEWS

RUSSIA

CONTINUED FROM FIRST PAGE

Four men were arrested for intoxication and placed in city jail. A car was tagged for blocking a driveway.

One was fined \$1 for a parking violation.

Officers recovered an Elgin pocket watch which George McManus reported stolen from his residence, 313 East First Avenue.

Scientists Aldred.

Whatever scientists want they can have for the asking, which is quite a little something in the land of the Soviets.

Russia has a hard core of scientists to build from, although they are mostly beyond middle age. Less than a month ago an energetic campaign was under way to attract younger people to science.

The Soviets have acknowledged that their scientists are entitled to the best possible material life. They have been awarded extra special food rations, clothes, automobiles, special salaries; new apartments and fine automobiles—many with chauffeurs.

In many parts of the country, new housing is being earmarked for men of science. They will get these modern dwellings as soon as anyone, and this includes marshals, generals and high party functionaries.

Know They Are Behind. Russia's leaders have no illusions about how far her scientists must progress to catch up with the United States and Britain. They are well aware and impressed with the excellence and skill of Americans.

The leaders and the scientists know they must work and work hard and not just sit back and let others do the work. They may be behind this side of the world. They may have obtained something from Germany, but they are realists enough to know that, if they found something there so did their allies.

The very fact that the Soviets don't say much about the bomb is revealing. It is the belief of many informed foreigners stationed in the Soviet Union today, while the Russians haven't asked for the secret of the bomb, it constitutes a great and ponderous factor in all their thinking and action.

OPA officials estimated the ban against cost absorption on reconstruction items would cost consumers an extra \$500,000,000 a year, with the increase for automobiles alone aggregating \$400,000,000. But spokesmen for the automobile industry took exception to this. They contend production could not exceed 2,000,000 cars this year and said that average increase would be about \$75 a car.

"Profit" Factor Out.

While the senate bill incorporated many of the house provisions, one was struck out which would have required ceilings high enough on every item to reflect to manufacturers, processors and distributors their costs plus "a reasonable profit."

The house voted to scrap all subsidies by January 1, and end meat subsidies June 30.

The house also provided that OPA would have to lift the price ceiling on any commodity when its output attained a rate equivalent to that in 1941.

In contrast to the year's extension in the senate bill, the house voted only nine months.

Neither body touched general rent control.

REPORT IS MADE ON RECENT SURVEY OF LOCAL DAIRY FARMS

The review of a previously made survey of several Navarro county dairy farms was given by Shannon Carpenter, associate dairymen at A. and M. College, at a meeting of the Dairy Association in Corsicana Monday.

Carpenter reported that the survey showed Navarro county herds were well supplied with registered bulls but were short on replacement heifers. He complimented

the pasture improvement being done by mowing and fertilizing with barnyard manure and phosphate, stating that good pastures always provide the cheapest feed for milk production.

The seriousness of the present feed shortage was stressed by Carpenter. Warning that the situation will likely become even more serious, he appealed to all dairy producers to raise an adequate supply of feed for their stock. Hay and silage was pointed out as the surest and cheapest way out of the present difficulty. If this is not done, he stated, many herd owners will probably be faced with the problem of forced liquidation, as under present conditions the market cannot possibly provide adequate feed.

A dairy advisory committee of Chas. Willmann, T. W. Fluker, G. H. Blankenship, I. A. Hurt, Stokes Armstrong, Horace Hayes and Mike Edwards was appointed to represent the county in program planning operations.

A report on progress in organizing a dairy herd improvement association was heard, with work to start at an early date.

JUNIOR COLLEGE IS APPROVED BY COUNTY BOARD OF EDUCATION

Navarro county moved a step closer to establishment of a junior college Tuesday when the county school board passed a resolution approving an order drawn by the county-wide committee, which presented petitions calling for an election on the matter.

With approval of the order by the board, the next step in the procedure will be the submission of the order and petitions to the state board of education, which will make the decision. It is hoped to present the proposal to the board at the meeting next week, but information had been received here by W. H. Norwood, superintendent of city schools, that the meeting might possibly be postponed. Once approval of the proposal would enable the county to hold an election during the first week of July.

Petitions Presented

The committee, composed of representatives of the communities of the county, was led by Ralph R. Brown, co-chairman. J. C. Roe, county attorney, discussed the legal aspects after Norwood presented the petitions to the board.

Norwood, in turning over the documents, stated that there were 1,692 names on the record and three large communities were still to be heard from. L. Powell, county judge, said told Norwood previous to circulation of petitions he was confident that 700 names would be sufficient. Statutes call for ten percent of the tax paying voters.

Roe read the order praying for the formulation of a junior college district and combined with it a request for an election for the pur-

pose of establishing a tax levy. In referring to the term "tax paying voters," Roe said such a definition meant the voter who has property in the county subject to taxation and that property having been rendered.

Requirements Explained

In explaining the requirements of the law to the county board, Roe brought out the fact that Navarro county had a population of \$9 million and evaluation a scholastic population greater than 7,000 and a high school population greater than 400 students. All requirements are met by the county.

The county board, Roe stated, must see that the petition is in correct form, that it contains names of at least ten percent of the voters, and the signatures are authentic. Once the board has passed the resolution, the order is submitted to the state superintendent of schools. The order drafted by the county attorney will obviate the necessity of drafting another petition. He offered any further assistance to the body without renumeration.

To Elect Trustees

Under provisions of the petitions, the election of seven trustees at large for the school will take place along with the question of tax levy. County School Superintendent J. C. Watson, in accepting the petitions, declared that he would have them typed and the originals placed in safe keeping.

Other business relative to the operation of schools was transacted following the hearing on the junior college.

Members of the school board present were W. B. Payne, chairman, of Purvis; L. C. Bowell,

Gray, Kerens, and J. L. Hamilton, Eureka.

Edgar A. Guest

JUNE BRIDE

Lovely bride, your vows repeating,
Soon you'll hear the words that bind you,
Then receive the tender greeting
Of the friends who stand behind you.

Now you cannot see us staring,
Misty-eyed and lumpy-throated,
For your welfare deeply caring
As the wedding lines are quoted.

We who've lived to learn their meaning:
Worse or better, richer, poorer,
On each other's courage leaning,
Wish the joys of life were surer.

Soon you'll turn, the altar leaving,
We're gathered to remind you:
As today, when you are grieving
Look! You'll see us still behind you.

COUNTY IS INVITED TO PARTICIPATE IN CLEANUP CAMPAIGN

The county has been invited to participate in the current cleanup campaign. Travis Fullwood, mayoral pro tem, said Wednesday morning.

"Fringeres bordering the city limits must be cleaned up if the city-wide cleanup is to be effective," Fullwood pointed out.

Although the county has said it does not have trucks to make a special pick-up in the districts ad-

joining the city limits, Fullwood hopes it will contribute money to help defray expenses involved in the undertaking.

"We are definitely going to clean up in all areas surrounding the city, but we hope the county will help us out on this," he said.

Trucks are still hauling trash from all sections of the city, and will do so as long as the necessity exists, Mayor Fullwood said.

"As soon as the weather permits, all alleys and vacant plots of land will be dredged, and if nothing happens, the city should be completely sprayed with DDT this week," he revealed.

FAYE EVELYN WYLEY BECOMES BRIDE OF BUFURD J. WRIGHT IN MONDAY EVENING CEREMONY

Before an altar of calla lilies and Marconi daisies, illuminant with tall white tapers burning in branched floor candelabra, Miss Faye Evelyn Wyley became the bride of Bufurd J. Wright of Trinidad Monday evening at the home of Mr. and Mrs. H. E. Smalling, 2108 West Fourth avenue. Only members of the family and intimate friends were in attendance.

The bride is the daughter of Mr. and Mrs. Curtis Wyley, and the bridegroom is the son of Mrs. C. C. Wright of Trinidad. The Rev. Robert L. Jackson, also of Trinidad, was the officiating minister, and the bride was given in marriage by her father.

Carrying a white prayer book topped with gumpalines from which a shower of white satin ribbon, the bride was crowned in white jersey designed with a long bodice and softly gathered skirt. Accents to the costume were the jeweled buttons and belt, and her head-dress was a circlet of flowers. White accessories complemented the gown.

Sister Maid of Honor Miss Cleora Wright, sister of the bridegroom, attended as maid of honor. Her gown of white jersey was fashioned along the same lines as that of the bride, and she wore a corsage of pink carnations.

Preceding the ceremony the alter candles were lighted by Miss Patricia Scroggins, whose costume of pink and Donald Wyley. William C. Lewis attended the bridegroom as best man.

Immediately following the reception the couple left for a short wedding trip after which they will be at home in Trinidad.

Mrs. Wright is a graduate of Corsicana High School, and Mr. Wright was graduated from the Truett High School.

Out-of-town guests included Mrs. W. Benson and young daughter Carol, or Tyler, Carroll Wright and Maurice Wright, brothers of the bridegroom and both of Trinidad.

Mrs. Meadows will arrive in time to share in farewells to her sister, Mrs. John Miner, who leaves Friday to join her husband in Sweetwater, where they will make their home. Making the trip with her will be their son and daughter, John and Arabella.

The ceremony was performed by the Rev. A. J. Kirkland, pastor of the Missionary Baptist church, at his home.

The bride wore an attractive white shankskin suit, with white accessories, and a corsage of orchids. She carried a white Bible and blue handkerchief.

Attending the couple were Mrs. O. C. Gobbel and C. O. Lusk. Mrs. Gobbel wore a blue crepe dress, with white accessories, and an orchid corsage.

The bridegroom was graduated from Corsicana High School last Friday night. The bridegroom is a 1939 graduate of the State Orphans Home where he played football four years. He entered the armed service in September, 1939, and was captured by the Japanese at Baataan. He survived the Death March and was in prison camp on the Japanese homeland for three and one-half years. Since returning to the states in September, 1945, he has been at Brooks Field Hospital, San Antonio.

Sergeant and Mrs. Hartley will go to Miami Beach, Fla., for a two-week wedding trip. The bridegroom will report back to Brooks Field in early August.

Lt. Col. and Mrs. John H. Montfort and daughter, Ann, of Randolph Field, San Antonio, spent the past week-end with Col. Montfort's mother, Mrs. R. E. Montfort, and other relatives.

Jury Commission Named

A jury commission, composed of Joe E. Butler, Corsicana; J. M. Tullos, Corsicana; T. S. Hooser, Frost; A. E. Bittner, Purdon, and J. W. Scruggs, Navarro, has been summoned to meet June 13 to select petit and grand jury lists to serve during the July term of court. The order was signed by A. P. Mays, district judge.

Miss Jozell Denn Is Bride Of T-Sgt. Curren A. Hartley

Miss Jozell Denn, daughter of Mr. and Mrs. R. S. Denn, 917 East Ninth avenue, became the bride of Tech. Sgt. Curren A. Hartley, survivor of the famous Death March of Bataan, at 3 o'clock Saturday afternoon.

The ceremony was performed by the Rev. A. J. Kirkland, pastor of the Missionary Baptist church, at his home.

The bride wore an attractive white sh

FUNERAL SERVICES FOR REV. R. OTIS SORY AT HILLSBORO

Funeral services for the Rev. R. Otis Sory, Methodist minister, about 55 years of age, who died in the Methodist hospital in Fort Worth Tuesday, were held at Hillsboro Wednesday afternoon at 3 o'clock. He formerly was district Methodist superintendent here and was well-known here. The Rev. Mr. Sory was pastor of the First Methodist church in Hillsboro at the time of his death, and formerly held pastorates in Fort Worth, Taylor, Dalton and Mineral. In addition, he also served as district superintendent at Brownwood. He was superintendent of the Corsicana Methodist district from 1939 to 1945, coming to Corsicana after four years at the First Methodist church in Mexia.

Surviving is his wife of Hillsboro. The minister had been a patient in the hospital two weeks and was believed improving when a heart attack was reported to have been suffered Tuesday morning.

A number of local Methodists headed by Rev. Flinns A. Cutchfield, superintendent of the Corsicana Methodist district, attended the rites in Hillsboro Wednesday afternoon.

Funeral Held Sunday For Drowning Victim

ENNIS, June 4.—Funeral services for Arnold Holloman, aged 18, who drowned Thursday while attempting to move cattle from flooding Red Oak creek bottom, were held Sunday at 4 p.m., with Interment in Waxahachie City cemetery. The Rev. Mark Wells, pastor of the Palmer Baptist church officiated. Survivors are his parents, two sisters, and four brothers. One brother, Oscar Holloman, resides in Corsicana.

TIMELY ADVICE TO VACATIONISTS FOR PROPER PRECAUTIONS

Timely advice to vacationists concerning the proper precautions to be used in water sports during summer months was released Wednesday by Dr. Will Miller, acting director of the Corsicana Navarro health department.

"Swimming and water sports are beneficial if good health provided one's physical condition justifies this type of exercise," Dr. Miller said. "Nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

Dr. Miller outlined the following simple rules for bathing and swimming in safety:

When swimming, be alert and careful of unknown depths and currents; at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float; this is important; never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted.

Miss Betty Jo Smith, Robert Cunningham Wed Saturday Night

KERENS, June 4.—(Spl.)—Miss Betty Jo Smith became the bride of Sgt. Robert Cunningham Saturday evening at 8 o'clock, at the Methodist parsonage with Rev. Margart Howell performing the ceremony and a group of close friends and relatives attending.

The bride was dressed in a beautiful white crepe costume, with matching accessories, carried an orchid for her wedding bouquet. For something old she wore an antique gold bracelet of her grandmother's, Mrs. H. K. Kimes.

Her only attendant was Miss Betty Crawford, who was dressed in a green crepe gown and wore a corsage of dubonnet carnations. Bill Tekell attended the bridegroom as best man.

Sgt. Cunningham is a graduate of Kerens High school and for the past year and a half has been employed at the AAA office in Corsicana.

Sgt. Cunningham is also a graduate of Kerens High school. He served some 27 months overseas with the 36th Division during World War II, having been a member of the National Guard in 1940 when it was mobilized.

The couple are making their home in Fort Sill, Oklahoma, as Mr. Cunningham has enlisted in the regular army.

Halle Hall will be presented in senior piano recital Thursday evening at 8 o'clock at Kinslow House under the sponsorship of Mrs. Jimmie Mansfield.

Tribute Paid Miss Augusta Helm At Charity Body Meet

Of especial interest to Corsican clubwomen were the tributes paid to Miss Augusta Helm, executive secretary of the United Charity organization, when that body and its supporters met Tuesday evening at Kinslow House for the presentation of W. W. Whitton, director of the Family Service Bureau of Houston.

Miss Helm, associated with United Charities in Corsicana since 1914, was lauded by Mr. Whitton and by the Rev. Erwin F. Bohm-falk, who served also to introduce the principal speaker.

An example of the special and unusual service a private agency can do which do not lend themselves easily to public agency programs, Mr. Whitton named briefly some instances of Miss Helm's own efforts on behalf of disadvantaged persons.

A printed extract of reports of United Charities, distributed at the door, also contained a tribute to Miss Helm. In part it re-iterated a report published in 1928 in which the following was written:

"This report of the United Charities would not be complete without greatful acknowledgement of the labors of Miss Helm for her untiring labors in her faithful discharge of the office of executive secretary.

"All who have in any way been associated with Miss Helm in discharge of her duties, will bear testimony to the obvious truth that the high place the United Charities now holds in the estimation of the whole community is largely due to her efficient management."

Texas Wife Of Band Leader Kay Kyser Is Mother Of Daughter

A report wired from the West Coast reveals that to the former Georgia Carroll, one-time wife of Glenn Gray, leader of the band, Kay Kyser was born a daughter Monday at the Cedars of Lebanon Hospital in Hollywood.

The baby has been named Kimberly Ann. Miss Carroll was educated in the Dalles public schools and was started on her career as a fashion model by William Langley, nationally recognized photographer of Dallas, who has many friends in Corsicana, also. After achieving fame as a "Futura" model, Miss Carroll turned to radio and film work, becoming the wife of the radio dean of the College of Musical Knowledge while singing with his organization.

Railroad Schedules Return To Normal

That railroad business at least is back to normal and is rushing is revealed by the fact that at 9:30 a. m. Tuesday there were seven trains in the joint yards of the Southern Pacific Lines and Cotton Belt System in Corsicana.

Schedules interrupted by high water and washouts last week are now back to normal with Southern Pacific Lines sending trains directly to Dallas and with the Burlington and Rock Island trains proceeding to Dallas from Waxahachie over the MKT Line. Big washouts on the Southern Pacific Lines several miles south of Dallas and a washout and wreck on the Katy system southwest of Dallas last week interrupted train service. Temporary repairs restored the lines sufficiently for use Monday morning.

DAY MAY COME WHEN CARTOON CHARACTERS STRIKE ON DISNEY

By BOB THOMAS.

HOLLYWOOD, June 6.—(P—The day may come when Mickey Mouse, Donald Duck, Goofy, and other cartoon characters will be picketing Disney Studios. Reason: The cartoon wizard is hiring live talent.

Wait has used live action before, but now he is going all-out, or almost. Added to his stable of pen and ink actors are three very much alive individuals—wry-faced Bob Hope, the seven-year-old cover girl Luann Patterson and the negro actor James Bassett.

They are appearing in Disney's first post-war feature, "Song of the South." The film will be 70 per cent live action; the remainder will be a treatment of the Uncle Remus stories. Studio workers assure that you will hardly be able to tell where the human talent ends and animation begins.

The two children will also appear in "How Dear to My Heart," which will also star Beulah Bondi and Burl Ives. This one will be 80 per cent live action.

But rest assured, Mickey, Donald and Goofy, your old man has no plan for 100 per cent live action. Not yet.

A noncartoon Disney character showed the wonders of the Disney plans in the animation building. Pinned on the wall were "tentative" plans for "Mickey, Captain Hook, Nana, Nibs and other Peter Pan characters. They didn't look so tentative to me."

Marylyn McGee Is Bride Of Robert L. Dow, Wyoming

The marriage of Miss Marylyn McGee, daughter of Mr. and Mrs. John Murray McGee, formerly of Corsicana, La., (Jr.) Robert Louis Dow, USNR, son of Mr. and Mrs. C. A. Dow of Sheridan, Wyo., took place June 1 at the First Methodist church in Camden, Ark., with the Rev. J. L. Dedman officiating at the double ring ceremony.

Arrangements of white gladioli and Easter lilies decorated the church. Mrs. F. C. Chichester played the nuptial music.

Given in marriage by her father, the bride wore a beige wool suit and brown accessories. Her shoulder corsage was of purple orchids. Miss Natalie Ross Young, the bride's sister, was her only attendant. She wore an aqua liner dress with black accessories, and a shoulder corsage of yellow roses.

Luther H. Johnson, Jr., of Corsicana, was best man.

Following the ceremony, Mr. and Mrs. McGee entertained with a luncheon at the Orlando Hotel in Camden for the wedding guests.

Mrs. Dow was graduated from Beaumont High school, attended Ward-Belmont in Nashville, Tenn., and the University of Texas. Lieutenant Dow attended the University of Montana and was ved in the navy 36 months.

The bride is the granddaughter of Judge and Mrs. Luther A. Johnson and the late Mr. and Mrs. G. S. McGee of Corsicana.

Lieutenant and Mrs. Dow left by plane for Sheridan, Wyo., and will be at home after June 15 in Missoula, Mont., where both will attend the University of Montana.

Mr. and Mrs. Luther A. Johnson, Jr., and daughters, Selye and Linda, were in Camden for the ceremony.

Half A Jury Is Better Than No Jury, Says Court

An unusual situation presented itself in district court Tuesday morning, but attorneys and the Court agreed on a solution and a civil suit styled Corsicana Hospital and Clinic vs. American Motorists Insurance Company, debt is being settled by a jury of six men instead of the twelve provided for in district courts.

The acute farming situation in Navarro county is such that A. P. Mays, district judge, is excusing farmers so they can get into their weed and grass-infested fields following the continued rainy season that has seriously retarded all farming operations.

When faced with that situation Tuesday, the attorneys and the Court agreed to try the case with six jurors rather than have a continuance or postponement of the case until a time when jurors could be more easily procured.

Approximately 8,000 acres of cotton, grazing and alfalfa land will be deluged under seven feet of water, the engineer estimated.

Some people living in the vicinity and also cattle are stranded as a result of the released flood waters. However, they are on high ground and are in no danger at present.

Letters Come From All Over World In Thanks For Relief

By VIRGINIA VAN DER VEER

WASHINGTON, June 6.—(P)—The letters come in every language, every size, every kind of scrawl. They all say thank-you.

There are 10,000 of them at Red Cross National Headquarters here, written in the last four weeks by the little people of Europe to the people of America.

Every ship which takes American relief supplies to the continent comes back with cartons of letters from grateful citizens, pathetic thanks for a cake of soap, a child's shirt, a chocolate bar.

Many writers carefully copy the address from a label in the shirt or on the package. Their letters come to "American Red Cross, not to be sold, U. S. A." or "Red Cross, children's size two, Washington, D. C."

Now and then an envelope contains a picture.

Each letter is a story. One is from a Dutch girl, freed from a German concentration camp to her home. Back in Holland, she came to a Red Cross distribution center.

"I'll never forget the words," she wrote. "Girl, what do you want, what do you need?"

From Vienna, a Nun writes for the school children of her convent "to render many, many thanks" for American bread, butter, milk and lard, her letter begins "patrons, benefactors, friends."

Wanted Soap Most

Two Dutch boys, nine and 12, told of their family's excitement over a package from America. Each mother, they said, guessed what was inside.

"The girls guessed chocolate, a doll, sweeties, stockings, a new dress. We guessed tobacco, cigarettes, a fountain pen. But mommy said soap was what she wanted most of all—and that's what was."

You cannot imagine what that means for us—our first after liberation."

TEXAS WALKOUT CONTINUED FROM FIRST PAGE

has "no contracts at all with the Seafarers International Union of North America (AFL) and does not expect the 'stop work' meeting of the union, slated for today, to affect the movement of the ships," Robert F. Radke, Lykes vice president, said today.

"We do not expect it to affect us at all, but have our eyes open for any eventualities," he said.

The "stop work" meetings were to be held by all AFL maritime unions. The other one is the Sailors Union of the Pacific.

Most ships coming into Port Houston are manned by National Maritime Union (CIO) members.

Charles E. Hammond, business agent for the SIU here, said "we will stop work at noon, instead of at 1 o'clock, the designated time in other parts of the country."

He said the members will meet at the union hall. Asked whether the "stop work" meetings would shut down ship movements at the port despite the fact that relatively few of the vessels have SIU crews, he said "that remains to be seen."

Galveston Workers Quilt.

GALVESTON, June 6.—(P)—Approximately 500 seamen aboard 14 vessels at Galveston and Texas City docks quit their posts to attend a meeting at 1 p.m. today, called by two AFL Maritime Unions.

The seamen, members of the Seafarers International Union and the Sailors Union of the Pacific, were called to "discuss contract negotiations with ship owners."

D. L. Parker, SIU agent at Galveston, said:

Parker declared that while no work stoppage is scheduled by International Longshoremen's Association members, the meeting would be attended by Galveston longshoremen, wharf policemen and wharf truck drivers, teamsters and Chauffeurs Union "who are not on duty today."

Parker said a decision as to what position we'll take on contract negotiations will be made at the meeting.

Officials of the unions announced the do not mind "stop work" meetings last night to confer on action to be taken by the SIU and SUP on the Atlantic, Pacific and Gulf coasts in the event of a CIO strike set for June 15.

Little Building Of Airports Until 1947, Says By Official

WASHINGTON, June 6.—(P)—Charles B. Donaldson, assistant civil aeronautics administrator for airports said today there will be "no construction until 1947 in any substantial amount" under the federal airport bill recently approved by Congress.

Donaldson told a house committee subcommittee that the CAA has been handicapped by a lack of funds to expand its organization.

"It does not appear that we can get work actually underway this year," he said. "It is unfortunate this bill wasn't passed last fall."

He asked approval of an amendment designed to expedite consideration of Glassell 4 and 5 airports.

As the act was approved May 28, the larger airports must be submitted for approval to Congress, which Donaldson said could not be obtained before July 1, 1947. Congressional approval is required for airports of classes 1, 2 and 3.

The airport act authorized, but did not appropriate, \$100,000,000 for development of air ports starting with the fiscal year which begins next month. Funds would be provided on a matching basis.

U.N.

CONTINUED FROM FIRST PAGE unacceptable in its present form to Russia, the United States and Britain for divergent reasons.

The subcommittee spokesman said Soviet delegate Andrei A. Gromyko could be expected to argue for service action against Franco immediately and that the Russians would oppose any attempt to hand the issue over to the general assembly.

Gromyko throughout has contended that Franco is a proven menace and that action against him should not be delayed. He also has held out against transfer to the general assembly of authority which he maintains should be exercised by the security council.

U. S. Opposes Action

Britain and the United States have joined in moral condemnation of the Franco regime, but have maintained that Spain does not deserve peace and that the break in relations would be the surveillance they are able to keep over the Falangist government through various agencies. They advocate a peaceful overthrow of Franco by the Spanish people.

Before the subcommittee investigation was launched April 11, security council—had won the support of an immediate collective severance of relations with Madrid as a threat to peace.

The Franco government early today issued a 3,000-word reply to the committee in which it accused Foreign Minister of threatening the peace of Spain and declared Spain would live in "sacrificing isolation" rather than submit to any interference in her internal affairs.

Coke Says "Of Course" He'll Withdraw From U. S. Senator's Race

ASTIN, June 6.—(P)—Asked at his press conference this morning if he would ask his name be withdrawn from the ballot as a candidate for United States senator, Gov. Coke Stevenson replied simply:

"Why, of course."

Stevenson's name had been filed by friends for the post now held by Sen. Tom Connally, apparently in anticipation of Connally being appointed to the UN.

WALKOUT

CONTINUED FROM FIRST PAGE directly with the CIO Maritime leaden Harry Bridges and Joe Curran.

Thousands of AFL seafarers on the Atlantic, Gulf, Pacific, and Hawaiian coasts called the work stoppage to discuss "matters of great importance."

At their meetings the AFL seafarers were expected to discuss their course of action in the event of the scheduled CIO maritime strike. They also were protesting against a delay in the start of wage-hour negotiations for AFL seafarers.

The house labor committee em-

phasized work week at sea.

2. The house labor committee scheduled a meeting to discuss the whole maritime situation. This was the first official action on Capitol Hill with respect to the threatened strike.

3. President Truman called on the CIO maritime unions and the employers to "buckle down and

settle this matter through collective bargaining."

He said in a statement late yesterday he thought it could be settled that way. Declaring that the labor department is handling the dispute, the president added all steps by other agencies are "purely precautionary."

Mr. Truman already had said the

government will run the ships if necessary.

4. The CIO unions published full-page advertisements in several newspapers asserting that "the threat of strike will disappear overnight if the ship operators offer something reasonable" on a shorter work-week aboard ship and higher wages.
